## Become part of the largest community of women in engineering and technology.

The Society of Women Engineers (SWE) is the largest advocate for women in engineering and technology. When you join or renew with SWE, you become part of both a global and local community - a network of support to help you reach your fullest potential on your journey in engineering.

*"I can say, without a doubt, that if I hadn't joined SWE I don't know if I would be graduating this May or even working for my dream company."*
