

SWENextEd Newsletter Vol. 4 – Feb. 2017

Engineers week (or E-Week) is just days away. To celebrate E-Week, SWE will be posting daily to our [SWENextEd Facebook Group](#). Be sure to check every day during February 20 – 24 for information on engaging resources, inspiring women and enriching classroom activities.

How will you celebrate E-Week? [DiscoverE](#) has great tips and tools to get you started.

[Engineering Activities](#)

Browse our library of over 130 NEW and updated activities.

[Online Teacher Trainings](#)

Learn how to bring engineering into the classroom.

[Career Exploration Features](#)

Explore what engineers do and cool engineering projects.

Cool Content & Activities

Showing 425 result(s).

Build a Pinball Game

Build a pinball game with a launcher and interesting obstacles.

Dance Pad Mania

Make a dance pad that lights up or beeps when you dance and stomp on it.

Launch It

Design and build an air-powered rocket that can hit a target.

Touch Down

Design and build a shock-absorbing system to protect two marshmallow astronauts when they land.

Squishy Circuits

Create a play dough creature with eyes that light up.

Laser Challenge

Transmit music over a laser beam by manipulating mirrors.
