Outstanding Collegiate Member

Outstanding Faculty Advisor

Outstanding Counselor

General Information

The Society of Women Engineers strives to recognize the successes of SWE members and individuals who enhance the engineering profession and advocate for women in engineering through contributions to industry, education, and the community. The awards listed in this packet recognize individuals and groups who support the [mission, objectives and goals](#) of the Society.

SWE's Mission: Empower women to achieve their full potential in careers as engineers and leaders; expand the image of the engineering and technology professions as a positive force in improving the quality of life and demonstrate the value of diversity and inclusion.

SWE's Core Values: Integrity, Inclusive Environment, Mutual Support, Professional Excellence, and Trust.

Inside this packet you will find information on the awards recognized at the SWE Annual Conference. Eligibility information is specific to each award and is included on the following pages. A 'Nomination Checklist' is included for each award that details the requirements needed to fully complete a nomination package.

Contact the Awards & Recognition Committee Chair at awards@swe.org with any questions.

Submission Guidance:

- **DEADLINE: March 31st at 11:59 PM, Central Daylight Time (UTC-5)**
 - An acknowledgement receipt will be sent to the nominator after submission.
 - Package completeness feedback will NOT be provided.
 - Exception will NOT be made for late packages.
 - **The entire application, including the supporting letters, must be submitted by the deadline.**
- Applications must be submitted electronically through the awards application platform, **SmarterSelect**. No email submissions will be accepted.
- All items in the Nomination Checklist must be included in the application.

Nominator Responsibilities:

- A nominee may self-nominate. It is highly recommended to be nominated by a nominator who can provide feedback on the formal statement and ensure that all the required documents will be submitted.
- A nominator can nominate more than one nominee.
- A nominator does not have to be a SWE member.
- Nominator's responsibilities include:
 - Use this Award Guide to select the award that best suits the candidate.
 - Verify that the candidate meets the Objective and Qualification requirements for the award selected.
 - Complete the [Individual Awards Nomination Checklist](#)
 - Accurately complete the appropriate online application at the link provided for the award selected.
 - Confirm that the phone number and email address provided on the nomination form is current and correct for both the nominee and nominator.
 - Submit the application by **March 31st, 11:59pm, Central Daylight Time (UTC-5)**
 - Retain documentation for package.
 - Contact SWE at awards@swe.org if the nominator's contact information changes after submission.
 - Inform the nominee of the result of their nomination.
 - Serve as the Point of Contact between SWE and the nominee.

General Information

Award Notification:

- Recipients will be honored at the SWE Annual Conference, Virtual Awards Hall, and in a SWE publication
 - Exception: The Patent Recognition Award recipients are recognized at Virtual Awards Hall and in a SWE publication.
- Individuals are allowed to receive only ONE award per year.
 - Exception: The Patent Recognition Award may be received in conjunction with any other SWE award.
- If notification is not received by July 31st, nominators are asked to contact a SWE Staff at awards@swe.org.

NOTE: It is important that nominators confirm that the phone number and email address provided on the nomination form are **current and correct** for both the nominee and nominator.

Timeline (Dates/Months are Application Year):

- January 1 – March 31: Submission period.
- April - May: Judging period.
- June - July: Notification period.

SWE Partner Organizations:

Consider including contributions to SWE's partner organizations:

- American Indian Science and Engineering Society (AISES)
- Out to Innovate
- National Society of Black Engineers (NSBE)
- Out in Science, Technology, Engineering, and Mathematics (oSTEM)
- Society of Asian Scientists and Engineers (SASE)
- Society of Hispanic Professional Engineers (SHPE)

Disqualification Criteria:

Nominations for the awards in this packet will be disqualified for the following:

1. Nominee does not submit a complete application as provided for the intended award.
2. Application is not submitted to the correct link specified for the intended award.
3. Resumes exceed the stated page limits.

Individual Awards Nomination Checklist

- Ensure demographic survey be completed by nominee Determine the eligibility: current SWE membership
- Determine the eligibility: SWE years of service and Professional Membership
- Determine the eligibility: SWE years of collegiate involvement
- Determine the eligibility: years of experience
- Determine the eligibility: other requirements
- Write and upload the biography
- Upload a professional headshot photo
- Write and upload the formal statement
- Ensure supporting letters are completed by recommender
- Upload the resume or curriculum vitae
- Upload the SWE resume (as applicable)
- Submit the application

DETERMINE THE ELIGIBILITY: CURRENT SWE MEMBERSHIP

SWE membership is only required for the *Distinguished Service Award, Fellow Grade, Patent Recognition Award, Rising Technical Contributor Award, Distinguished New Engineer Award, Outstanding Collegiate Member Award, and Outstanding Counselor Award*. SWE membership information can be obtained by logging into the SWE portal or emailing membership@swe.org.

If SWE membership is required for the intended award:

- Obtain the nominee's SWE ID.
- Verify the nominee's SWE membership will be valid by **March 31 of the application year**.

DETERMINE THE ELIGIBILITY: SWE YEARS OF SERVICE AND PROFESSIONAL MEMBERSHIP

SWE Years of Service is only required for the *Fellow Grade and Distinguished Service Award*. Service is defined as time spent actively contributing to SWE's Mission. Professional Membership is defined as years of SWE membership fees were paid and nominee was affiliated with a professional section/MAL. If SWE Years of Service are required for the intended award:

- Indicate the nominee's SWE Years of Service and Membership, in the SWE resume (described below).
- Verify that the nominee meets the required SWE Years of Service and Membership by **March 31 of the application year**.

Individual Awards Nomination Checklist

DETERMINE THE ELIGIBILITY: SWE YEARS OF COLLEGIATE INVOLVEMENT

SWE Years of Collegiate Involvement is only required for the *Outstanding Collegiate Member Award*. If SWE Years of Collegiate Involvement is required for the intended award:

- Indicate the nominee's SWE Years of Collegiate Involvement in the SWE resume (described below).
- Verify that the nominee will have participated in SWE collegiate sections/ affiliates/ Members At Large (MAL) for at least 2 years by **March 31 of the application year**.

DETERMINE THE ELIGIBILITY: YEARS OF EXPERIENCE

Some awards require a specific number of years of experience. If the intended award has a years of experience requirement:

- Review the **Qualifications** section on the intended award page to determine the Years of Experience required.
- Indicate the nominee's Years of Experience in the resume or Curriculum Vitae (CV).
- Verify that the nominee will satisfy the required years of experience by **March 31 of the application year**.
- Include month and year of the start and end dates in the resume or CV.
- Apply the rounding rule when considering the total Years of Experience: 1 to 5 months – round down; 6 to 11 months – round up.
For example: 9 years, 4 months is considered 9 years.
9 years, 8 months is considered 10 years.
- Follow the calculation rules below. See [Appendix – Years of Experience Calculation](#) for an example.

| What counts as one year of experience? | What does not count as towards years of experience? |
|---|---|
| Each year of full-time work in the fields of engineering, engineering technology, or science related to engineering | Internships, co-ops, or graduate assistantship (research or teaching assistant) while in school |
| Each year of part-time work in the fields of engineering, engineering technology, or science related to engineering | Periods of unemployment |
| Each advanced technical degree (*) obtained while <u>not</u> working full time or part time | All other degrees (**) |

Table 1: Years of Experience Calculation

- (*) The following are considered “Advanced Technical Degrees” and should be counted in the years of experience calculation if obtained while not working full-time or part-time:
 - Master's Degrees in engineering, engineering technology, or science related to engineering (count as 1 year)
 - Dual Bachelor's / Master's Degrees in engineering, engineering technology, or science related to engineering (count as 1 year)
 - Doctorate degrees in engineering, engineering technology, or science related to engineering (**count as 2 years – Updated in FY22**)
- (**) The following are not considered “Advanced Technical Degrees” and should not be counted in the years of experience calculation:
 - Bachelor's Degrees in science, technology, engineering, mathematics, or similar field of study
 - Master of Business Administration (MBA) or similar non-technical master's degrees
 - Doctorate in Business or similar non-technical doctorate degrees
 - Any degrees obtained while working full time or part time in the fields of engineering, engineering technology, or science related to engineering
- Please contact awards@swe.org if you have any questions about calculating years of experience.

Individual Awards Nomination Checklist

DETERMINE THE ELIGIBILITY: OTHER REQUIREMENTS

- Review the **Qualifications** section on the intended award page to determine if other requirements, besides those mentioned above, must be met.

WRITE AND UPLOAD THE BIOGRAPHY

A biography is to be used as a basis for SWE publications, including SWE magazine. The submitted biography will be edited by SWE editorial staff for clarity/content and editorial style. Award recipients will be able to review the biography before publication for factual accuracy.

If the nominee changes companies or institutions after the nomination package is submitted, the company or institution the nominee was affiliated with at the time of the nomination will be designated in SWE publications.

- Update in FY23!** Maximum 475 words.
- Include only information that is appropriate for publication
 - No company proprietary information, including monetary values.
- Paste the biography into the award submission form.
- Must** include the following in the biography:
 - Nominee's current position/title (for example, department manager; vice president of quality assurance; senior mechanical engineering student) and a summary of their duties.
 - Relevant prior experience, highlighting accomplishments, contributions, SWE involvement, etc.
 - Important that bio demonstrates how the nominee meets the criteria for the intended award.
 - Education: degrees, certifications, etc. and institutions from which the nominee received them.
 - If relevant, the people and/or experiences that inspired your decision to become an engineer, including what led you to this specific engineering field.
 - Other SWE awards the nominee has received.
 - Relevant awards received from other organizations.
 - A sentence or two of personal information such as family, hobbies, or other interests.

UPLOAD A PROFESSIONAL HEADSHOT PHOTO

A headshot photo will be used for SWE publications, as applicable. It is not available to judges.

- Meet the following requirements:
 - Professional headshot photos are preferred. Headshot photos should include head and partial shoulders.
 - Images need to be 300 dpi and in color. To confirm, go to the photo's Properties, on the Details tab under Image the Horizontal and Vertical resolutions should be 300 dpi. (JPG only and approximately 1MB in size.)

Professional Headshot Photo Upload the professional headshot photo into the award submission form.

NOTE: If the nominee is selected for the award, a professional headshot photo will be required.

Individual Awards Nomination Checklist

ENSURE THE DEMOGRAPHIC SURVEY BE COMPLETED BY THE NOMINEE OR A LEADER OF THE NOMINATED COMPANY/TEAM

SWE is committed to diversity, equity, inclusion, and belonging and to ensuring that the SWE Awards and Recognition program is serving all individuals fairly and equitably. To support continuous improvement, all SWE award nominees will be asked to complete the SWE demographic survey. These will guide program improvement strategies and track progress towards the goal of increasing participation and success of underrepresented groups. An individual's answers will never be shared and will be protected in accordance with SWE's data governance procedures. SWE only shares personal demographic information in the aggregate. The demographic survey will not be used in the evaluation of the award. If you have any questions, contact awards@swe.org.

- Enter the email address of the nominee or the leader of the company/team. They will receive a private link containing the demographic survey questions; they should respond with answers reflecting their own demographics. SWE encourages the use of a personal email address to avoid employer spam filters.
- Follow up with the nominee to ensure the survey is completed. The survey **must** be completed before the award nomination can be considered complete.

WRITE AND UPLOAD THE FORMAL STATEMENT

Nominees will be primarily evaluated based on the materials provided in the formal statement. SWE understands that some work activity is protected for security reasons. Please provide as much detail as possible to give our judges the best ability to score the nomination.

- Do not exceed the maximum word count specified in the Nomination Checklist of the award page. Please note that *SmarterSelect* will cut off your formal statement at the maximum number of words.
 - Achievement, Fellow Grade, Suzanne Jenniches Upward Mobility, and Prism Awards: Maximum 3500 words.
 - Collegiate Awards: Maximum 1500 words.
 - All other awards: Maximum 2500 words.
- Do not include the following in a formal statement:
 - Proprietary company information
 - Hyperlinks to any additional information or a LinkedIn profile,
 - Nominee's headshot.
- Do address all the selection criteria.
- Do use the selection criteria as section headers. Section headers must be present and identifiable.
- Do write the formal statement in third person (SWE recommendation)
- Do paste the formal statement into the award submission form.

Individual Awards Nomination Checklist

NEW IN FY23!! ENSURE THE SUPPORTING LETTERS HAVE BEEN SUBMITTED VIA SMARTERSELECT

Supporting letters are required for all professional and collegiate award nominees (not required for group nominees). Supporting letters will be used in the evaluation.

NEW in FY23: Letters will be submitted via *SmarterSelect*. Obtain the email addresses of recommenders and provide it in the application form. Recommenders will be contacted directly via an automated *SmarterSelect* email in order to provide their letter of support. Please note the email addresses of recommenders may be added as soon as the application is opened. ****PLEASE DO NOT WAIT UNTIL THE APPLICATION IS READY TO SUBMIT OR UNTIL CLOSE TO THE DEADLINE TO ENTER THE RECOMMENDER(S) INFORMATION****

1-2 recommenders are required for **Collegiate Awards**.

3-4 recommenders are required for **Professional Awards**.

The text of the letter will be pasted into a text-box in the application form. The recommender will be required to provide their name and email address to verify who is submitting the supporting letter.

Follow up with the recommender to ensure the letter is completed. Emails will be sent to the nominator to keep them up to date on the status of the letters and the nominator will be notified when the recommender(s) has submitted. The recommendations must be completed **before** the award nomination is considered complete. The nominator can click "submit;" however, until all pieces are submitted, it will be "pending." Nominator will be able to see which pieces are missing.

Letters should be from people who are familiar enough with the candidate to be able to address one or more of the selection criteria.

All letters must include the following information:

- Name of the nominee
- Recommender's relationship to the nominee
- A discussion of how the nominee meets one or more of the selection criteria for the intended award.

Individual Awards Nomination Checklist

UPLOAD THE RESUME OR CURRICULUM VITAE (CV)

A resume or CV is required for individual nominees for all awards, except the Patent Recognition Award and Global Team Leadership Award. The resume or CV will be used in the evaluation.

- Maximum 4 pages. **NOTE: Exceeding the stated page limit is one of the Disqualification Criteria.**
- Indicate the Years of Experience in the resume, if applicable.
- Specify any employment gap in the resume.
- Do not include the following in a resume:
 - Hyperlinks to any additional information or a LinkedIn profile
 - Nominee's headshot
- Formatting requirements:
 - Font 10 point or larger
 - Margins no less than 0.7-inches on each side of ANSI Letter paper (8.5 x 11 inches)
- Resume must be saved as a pdf file.
- Required filename: *AwardName_NomineeFirstName_NomineeLastName_Resume.pdf*
- Resume must be uploaded into the award submission form.

UPLOAD THE SWE RESUME

A SWE Resume is only required and accepted in *SmarterSelect* for the *Fellow Grade, Distinguished Service, Distinguished New Engineer, and Outstanding Collegiate Member Awards*. The SWE Resume will be used in the evaluation of these awards.

- Maximum 4 pages. **NOTE: Exceeding the stated page limit is one of the Disqualification Criteria.**
- Indicate SWE Collegiate and Professional membership start dates along with the service years and roles (can include accomplishments and impact to [SWE's Mission](#)).
- Do not include the following in a resume:
 - Hyperlinks to any additional information or a LinkedIn profile
 - Nominee's headshot
- Formatting requirements:
 - Font 10 point or larger
 - Margins no less than 0.7-inches on each side of ANSI Letter paper (8.5 x 11 inches)
- Resume must be saved as a pdf file.
- Required filename: *AwardName_NomineeFirstName_NomineeLastName_SWEResume.pdf*
- Resume must be uploaded into the award submission form.

SUBMIT THE APPLICATION

- Apply using the correct application link. **NOTE: Applying using an incorrect application link (for example, a link for a different award) is one of the Disqualification Criteria.**
- The Nominator will receive a notification that the application has been submitted via email. If the Nominator has not received confirmation by the deadline or within five (5) minutes of the deadline (if submitted at the deadline), email awards@swe.org immediately.

Award Guide

Use this guide to select the award that is best suited for your nomination.

PROFESSIONAL AWARDS

[Achievement Award](#)

The Achievement Award is the highest award given by the Society of Women Engineers. It is presented annually to an individual who identifies as a woman, who has made significant and progressive technical contributions for at least twenty (20) years in the fields of engineering, engineering technology, or science related to engineering. Their academic training may be in either science or engineering. A maximum of one (1) award may be presented annually.

[Advocating Women in Engineering Award](#)

The Advocating Women in Engineering Award honors an individual who has demonstrated professional excellence in engineering, engineering technology, or science related to engineering and has proven to be an advocate of women in engineering. A maximum of five (5) awards may be presented annually.

[Distinguished Engineering Educator Award](#)

The Distinguished Engineering Educator Award honors an individual who identifies as a woman, who has made significant contributions in the fields of engineering, engineering technology, or science related to engineering. The nominee must have at least twenty (20) years of professional experience, with at least ten (10) years of instructional experiences in an engineering, engineering technology, or science related to engineering educational institute. A maximum of three (3) awards may be presented annually.

[Distinguished New Engineer Award](#)

The Distinguished New Engineer Award honors a SWE member who has demonstrated outstanding technical performance, as well as leadership in SWE, engineering organizations (including but not limited to SWE's partner organizations), and the community in the first ten (10) years of their career. A maximum of ten (10) awards may be presented annually. Only SWE Members are eligible for this award.

[Distinguished Service Award](#)

The Distinguished Service Award honors a SWE member with experience in engineering, engineering technology, or science related to engineering who has made significant contributions to the Society of Women Engineers at any level of the Society for at least twenty (20) years. A maximum of five (5) awards may be presented annually. Only SWE Members are eligible for this award.

[Diversity, Equity, & Inclusion Program Award](#)

The Diversity, Equity, & Inclusion Program award honors an individual or a company who has pioneered diversity, equity, & inclusion program(s) within their organization. A maximum of one (1) award may be presented annually.

[Emerging Engineering Educator Award](#)

The Emerging Engineering Educator Award honors an individual who identifies as a woman, who has demonstrated instructional excellence and made contributions to the fields of engineering, engineering technology, or science related to engineering. The nominee must have five (5) to ten (10) years of instructional experiences in an engineering, engineering technology, or science related to engineering educational institute. A maximum of three (3) awards may be presented annually.

[Emerging Global Leadership Award](#)

The Emerging Global Leadership Award honors an individual who identifies as a woman with five (5) to ten (10) years leading a global engineering, engineering technology, or science related to engineering organization. In doing so, the nominee serves as a role model to women engineers and technologists worldwide. A maximum of three (3) awards may be presented annually.

[Emerging Leader Award](#)

The Emerging Leader Award honors an individual who identifies as a woman, who has been actively engaged in the fields of engineering, engineering technology, or science related to engineering and has demonstrated outstanding leadership skills resulting in significant accomplishments. The nominee must have ten (10) to fifteen (15) years of cumulative engineering experience. A maximum of ten (10) awards may be presented annually.

[Entrepreneur Award](#)

The Entrepreneur Award honors an individual who identifies as a woman, who went out on her own to start and/or maintain her own engineering, engineering technology or science related to engineering-based business, and in doing so, serves as a role model to all women who have ever risked financial security for the possibility of uncertain rewards. The entrepreneur has demonstrated a conviction to dreams and a willingness to make them happen. The nominee will be an entrepreneur who is skilled in technical, business planning, administrative, and financial techniques, and excels in business leadership. A maximum of one (1) award may be presented annually.

[Fellow Grade](#)

The Fellow Grade is an honor conferred on SWE members with at least twenty (20) years of professional membership in recognition of significant and long-term service to the advancement of women in the engineering profession. Only SWE Members are eligible for this award.

Award Guide

Use this guide to select the award that is best suited for your nomination.

PROFESSIONAL AWARDS CONTINUED

[Global Leadership Award](#)

The Global Leadership Award honors an individual who identifies as a woman, with at least fifteen (15) years of professional experience with at least ten (10) years leading a global engineering, engineering technology, or science related to engineering organization. In doing so, the nominee serves as a role model to women engineers and technologists. A maximum of three (3) awards may be presented annually.

[Global Team Leadership Award](#)

The Global Team Leadership Award is awarded to a geographically diverse team making outstanding technical contributions in the field of engineering, engineering technology, or science related to engineering management demonstrating innovative thinking to overcome global challenges. It is presented annually to a team with individuals who identify women in technical leadership roles that meets or exceeds project objectives. A maximum of three (3) separate team awards may be presented annually.

[Patent Recognition Award](#)

The Patent Recognition Award recognizes SWE members who have been awarded a patent within the previous three years from December 31st of the preceding year of the application. The patent must be relevant to the fields of engineering, engineering technology, or a science related to engineering. There is no maximum number of awards to be presented.

[Prism Award](#)

The Prism Award honors an individual who identifies as a woman, who has charted their own path throughout their career and has provided leadership in the fields of engineering, engineering technology, or science related to engineering and professional organizations along the way. The nominee must demonstrate outstanding leadership in their organization, exhibit a clear understanding of how their career path contributed to their achievements, work to enrich the conversation of what it means to be successful in engineering, engineering technology, or science related to engineering, and demonstrate activities supporting SWE's Mission. The nominee must have a minimum of fifteen (15) years of experience. A maximum of five (5) awards may be presented annually.

[Resnik Challenger Medal](#)

The Resnik Challenger Medal was established in 1986 to honor SWE's Dr. Judith A. Resnik, NASA Mission Specialist on the ill-fated Challenger space shuttle flight on January 28, 1986. It is awarded only as merited for visionary contributions to space programs to an individual who identifies as a woman with at least ten (10) years of experience. This award acknowledges a specific engineering breakthrough or achievement that has expanded the horizons of human activities in space. A maximum of one (1) award may be presented annually.

[Rising Technical Contributor Award](#)

The Rising Technical Contributor Award honors a SWE member at the professional or graduate student level, who has been actively engaged in the fields of engineering, engineering technology, or science related to engineering and has individually contributed technical work resulting in significant breakthroughs or results. The nominee must have up to five (5) years of experience. A maximum of ten (10) awards may be presented annually. Only SWE Members are eligible for this award.

[Rodney D. Chipp Memorial Award](#)

The Rodney D. Chipp Memorial Award honors an individual who identifies as a man or a company who has contributed significantly to the acceptance and advancement of women in the fields of engineering, engineering technology, or science related to engineering. A maximum of three (3) awards may be presented annually.

[Spark Award](#)

The Spark Award honors an individual who identifies as a woman, who has contributed to the advancement of women by mentoring those around them. The nominee will have made a difference in the lives of many by affecting women at a variety of levels ranging from primary and secondary schools through more senior levels in relation to their position. A maximum of five (5) awards may be presented annually.

[Suzanne Jenniches Upward Mobility Award](#)

The Suzanne Jenniches Upward Mobility Award honors an individual who identifies as a woman, with at least twenty (20) years of experience, who has succeeded in rising within their organization to a significant management position such that they are able to influence the decision-making process and has created a nurturing environment for others in the workplace. Northrop Grumman Corporation has endowed this award. A maximum of one (1) award may be presented annually.

[Work/Life Integration Award](#)

The Work/Life Integration Award honors an individual who has been instrumental in establishing a landmark program for their organization to improve the ability of women engineers and other employees to integrate or balance work and family responsibilities. In so doing, they have demonstrated recognition of the need for employees to integrate work, family, and personal interests. A maximum of one (1) award may be presented annually.

Award Guide

Use this guide to select the award that is best suited for your nomination.

COLLEGIATE AWARDS

[Outstanding Collegiate Member Award](#)

The Outstanding Collegiate Member Award honors a SWE collegiate member with at least two (2) years of SWE collegiate involvement who has made an outstanding contribution to SWE, other engineering organizations (including but not limited to SWE's partner organizations), their community and campus. A maximum of ten (10) awards will be given annually. Only SWE Collegiate Members are eligible for this award.

[Outstanding Counselor Award](#)

The Outstanding Counselor Award honors a SWE member who has made an outstanding contribution to a SWE collegiate section / affiliate as a counselor. A maximum of one (1) award may be presented annually. Only SWE Members are eligible for this award.

[Outstanding Faculty Advisor Award](#)

The Outstanding Faculty Advisor Award honors an individual who has made an outstanding contribution to a SWE collegiate section/ affiliate as an advisor. A maximum of one (1) award may be presented annually.

Note: Graduate student collegiate members may also apply for the professional "Rising Technical Contributor Award."

Achievement Award

OBJECTIVE

- This award honors an individual who identifies as a woman, who has made significant and progressive technical contributions for at least 20 years in the fields of engineering, engineering technology, or science related to engineering.
- *A maximum of one (1) award may be presented annually.*

QUALIFICATIONS

- The nominee must have a minimum of twenty (20) years of increasingly important engineering experience indicating outstanding competency and achievement by March 31.
- SWE membership is not required.

SELECTION CRITERIA

- **60% Technical Achievements:** Discuss the significance of the achievements cited on behalf of the nominee and on the sustained contributions of the nominee to the fields of engineering, engineering technology, or science related to engineering.
- **15% Experience and Education:** Discuss the educational background and pertinent experience that helped contribute to the technical achievements of the nominee.
- **15% Publications:** Discuss any relevant publications and participation on any industry committees that contributed to the technical achievements of the nominee.
- **10% Other Activities:** Discuss any relevant activities that assisted in the successes of the nominee.

NOMINATION CHECKLIST

[Apply for Achievement Award](#)

- Complete the [Individual Awards Nomination Checklist](#)
 - Biography
 - Professional Headshot Photo
 - Demographic Survey
 - Formal Statement (Maximum 3,500 words)
 - Include the following sections with clearly identifiable section headers:
 - Introduction
 - Technical Achievements
 - Experience and Education
 - Publications
 - Other Activities
 - Conclusion
 - Supporting Letters (3 – 4 Letters) Completed by Due Date
 - Resume or Curriculum Vitae

Advocating Women in Engineering Award

OBJECTIVE

- This award honors an individual who has demonstrated professional excellence in engineering, engineering technology, or science related to engineering and has proven to be an advocate of women in engineering. The nominee must be in a position of influence within their current organization and/or community and have demonstrated passion in supporting women in engineering and [SWE's Mission](#).
- *A maximum of five (5) awards will be given annually.*

QUALIFICATIONS

- The nominee must have work experience in engineering, engineering technology, or science related to engineering
- SWE membership is not required. Years of experience is not required.

SELECTION CRITERIA

- **30% Advocacy to Empower Women Engineers:** Discuss the nominee's activities and significance in empowering women engineers in their organizations and/or in the community. Examples may include:
 - Mentoring, coaching, or sponsoring women,
 - Activities and metrics supporting recruitment and retention of women,
 - Leading women's groups,
 - Championing policy changes, programs, initiatives, and/or events to empower women,
 - Influencing DEI policy makings, etc.
- **30% Advocacy to Demonstrate the Value of Diversity:** Discuss the nominee's activities and significance in demonstrating the value of diversity, equity, and inclusion (DEI) in their organizations and/or in the community. Examples may include, but are not limited to:
 - Leading DEI teams,
 - Championing DEI policy changes, programs, initiatives, and/or events,
 - Contributions to SWE's partner organizations, etc.
- **20% Advocacy to Expand the Image of Engineering:** Discuss the nominee's activities and significance in expanding the image of engineering. Include how the nominee has informed their organizations, the engineering profession, and the public regarding women's contributions to the fields of engineering, engineering technology, or science related to engineering. Examples may include, but are not limited to:
 - Sharing women engineers' contributions to the engineering field and the society,
 - K-12, collegiate, and community outreach,
 - Public speaking and publications expanding the image of engineering, etc.
- **20% Career Achievements:** Discuss the nominee's professional accomplishments in engineering, engineering technology, or science related to engineering. Provide examples where the nominee has demonstrated the value of diversity and/or expanded the image of engineering through their professional activities.

NOMINATION CHECKLIST

[Apply for Advocating Women in Engineering Award](#)

- Complete the [Individual Awards Nomination Checklist](#)
 - **Biography**
 - **Professional Headshot Photo**
 - **Demographic Survey**
 - **Formal Statement (Maximum 2,500 words)**
 - Include the following sections with clearly identifiable section headers:
 - Introduction
 - Advocacy to Empower Women Engineers
 - Advocacy to Demonstrate the Value of Diversity
 - Advocacy to Expand the Image of Engineering
 - Career Achievements
 - Conclusion
 - **Supporting Letters (3 – 4 Letters) Completed by Due Date**
 - At least one letter must come from a person/organization that benefited from the nominee's activities.
 - **Resume or Curriculum Vitae**

Distinguished Engineering Educator Award

OBJECTIVE

- This award honors an individual who identifies as a woman, who has made significant contributions to the fields of engineering, engineering technology, or science related to engineering. The nominee must have at least twenty (20) years of professional experience, with at least ten (10) years of instructional experiences in an engineering or engineering technology educational institute.
- *A maximum of three (3) awards may be presented annually.*

QUALIFICATIONS

The nominee must:

- Have a minimum of twenty (20) years of professional experience, with at least ten (10) years of instructional experiences in an engineering or engineering technology educational institute by **March 31**.
- Instructional experience is defined as
 - Experience as a graduate student may count, so long as it meets the description above.

Research instruction counts.

- SWE membership is not required.

SELECTION CRITERIA

- **60% Teaching Ability and Ability to Inspire Students:** Discuss the nominee's demonstrated excellence in teaching by inspiring students (role model) to attain high levels of accomplishment.
- **25% Scholarly Work:** Provide evidence of scholarship through contributions to research and technical literature.
- **15% Professional Society Activities:** Discuss the nominee's active involvement in professional engineering societies.

NOMINATION CHECKLIST

[Apply for Distinguished Engineering Educator Award](#)

- Complete the [Individual Awards Nomination Checklist](#)
 - **Biography**
 - **Professional Headshot Photo**
 - **Demographic Survey**
 - **Formal Statement (Maximum 2,500 words)**
 - Include the following sections with clearly identifiable section headers:
 - Introduction
 - Teaching Ability and Ability to Inspire Students
 - Scholarly Work
 - Professional Society Activities
 - Conclusion
 - **Supporting Letters (3 – 4 Letters) Completed by Due Date**
 - **Resume or Curriculum Vitae**

Distinguished New Engineer Award

Only SWE Members are eligible for this award.

OBJECTIVE

- This award honors a SWE member who has demonstrated outstanding technical performance, as well as leadership in SWE, professional organizations including but not limited to SWE's partner organizations, and the community, in the first ten (10) years of their career.
- *A maximum of ten (10) awards will be given annually.*

QUALIFICATIONS

The nominee must:

- Be a SWE member in good standing by **March 31**,
- Have up to ten (10) years of experience in the fields of engineering, engineering technology, or science related to engineering by **March 31**.

SELECTION CRITERIA

- **40% Professional Technical Achievements:** Discuss the nominee's professional technical achievements in the fields of engineering, engineering technology, or science related to engineering. Include details clarifying their professional affiliations, their roles, what responsibilities they had in these roles, and their contributions to technical achievements and outcomes. Explain the significance of the nominee's contributions and achievements, which can be in industry, government and/or academia.
- **30% SWE Service and Leadership:** Discuss the nominee's positions, activities, and outcomes that demonstrate their contributions to SWE. Include instances where the nominee was leading an activity or group.
- **30% Leadership Activities and Community Involvement:** Discuss the nominee's positions, activities, and outcomes that demonstrate their contributions to professional organizations including but not limited to SWE's partner organizations (SHPE, NSBE, AISES, SASE, oSTEM, Out to Innovate) or similar, Industry Organizations, Employee Work Groups, and/or the Community. Include instances where the nominee was leading an activity or group.

 - SWE Resume

Distinguished Service Award

Only SWE Members are eligible for this award.

OBJECTIVE

- This award honors a SWE member with experience in engineering, engineering technology, or science related to engineering who has made significant contributions to the Society of Women Engineers at any level of the Society for at least twenty (20) years.
- *A maximum of five (5) awards will be given annually.*

QUALIFICATIONS

The nominee must:

- Be a SWE member in good standing by **March 31**,
- Have a minimum of twenty (20) years of cumulative SWE professional membership by **March 31**.

SELECTION CRITERIA

- **75% Service to SWE:** Discuss the nominee's committed service, leadership, and devotion to SWE, with focus on efforts that have enabled the Society to successfully fulfill its mission.
- **25% Contributions to SWE's Framework:** Discuss the nominee's contributions to SWE, especially those that have become part of the Society's framework upon which SWE, at any level, has been built over the years, Discuss the nominee's contribution to SWE, especially those that have become part of the Society's framework upon which SWE, at any level, has been built over the years. Describe the nominee's contributions and leadership roles over time and the impact of these contributions on the Society.

Diversity, Equity, & Inclusion Program Award

OBJECTIVE

- This award honors an individual or a company that has created effective Diversity, Equity, & Inclusion (DE&I) Program(s) within their company. The nominee has sponsored, developed program(s), and/or created a supportive environment to promote and support DE&I in the fields of engineering, engineering technology, or science related to engineering.
- *A maximum of one (1) award will be given annually.*

QUALIFICATIONS

- SWE membership is not required. Years of Experience is not required.

SELECTION CRITERIA

Where applicable, provide **metrics** demonstrating how the nominee and/or program(s) have contributed to the advancement of diversity, equity, & inclusion in the fields of engineering, engineering technology, or science related to engineering.

| | Individual | Company |
|-----|---|---|
| 10% | Work Experience: Discuss the nominee’s work experience as it relates to the award, highlighting support for DE&I. | Organizational Structure: Includes at least three women on its Board of Directors and at least 20% of the organization’s executive leaders are women. Describe these details in the formal statement. |
| 45% | Advancement of Diversity, Equity, & Inclusion: Discuss the nominee’s contributions to advance diversity, equity, & inclusion in the fields of engineering, engineering technology, or science related to engineering. In particular, the nominee’s personal contributions and how it has impacted the acceptance and/or advancement of DE&I. | Advancement of Diversity, Equity, & Inclusion: Discuss the company’s contributions to advance diversity, equity, & inclusion in the fields of engineering, engineering technology, or science related to engineering. In particular, initiatives or contributions to change the corporate culture and how it has impacted the acceptance and/or advancement of DE&I. |
| 45% | Program Development: Discuss the specific program(s) developed under the nominee’s direction including scope of the initiatives(s) and target audiences (entry level, mid-level, senior level, all employees). | Program Development: Discuss the specific program(s) developed within the organization including scope of the initiative(s) and target audiences (entry level, mid-level, senior level, all employees). |

Emerging Engineering Educator Award

OBJECTIVE

- This award honors an individual who identifies as a woman, who has demonstrated instructional excellence and made contributions to the fields of engineering, engineering technology, or science related to engineering. The nominee must have five (5) to ten (10) years of instructional experiences in an engineering or engineering technology educational institute.
- *A maximum of three (3) awards may be presented annually.*

QUALIFICATIONS

The nominee must:

- Have five (5) to ten (10) years of instructional experiences in an engineering or engineering technology educational institute by **March 31**.
 - Instructional experience is defined as
 - Experience as a graduate student may count, so long as it meets the description above.
 - Research instruction counts.
- SWE membership is not required.

SELECTION CRITERIA

- **60% Teaching Ability and Ability to Inspire Students:** Discuss the nominee's demonstrated excellence in teaching by inspiring students (role model) to attain high levels of accomplishment.
- **25% Scholarly Work:** Provide evidence of scholarship through contributions to research and technical literature.
- **15% Professional Society Activities:** Discuss the nominee's active involvement in professional engineering societies.

Emerging Global Leadership Award

OBJECTIVE

- This award honors an individual who identifies as a woman, who has made a significant contribution in their engineering, engineering technology, or science related engineering organization in a global setting. The nominee can be based anywhere in the world but is expected to have spent five (5) to ten (10) years working on various global assignments and/or leading a global team. The nominee must have achieved a leadership position within their current organization and created a nurturing environment for women of different cultures in the workplace.
- *A maximum of three (3) awards will be given annually.*

QUALIFICATIONS

The nominee must:

- Have five (5) to ten (10) years working on various global assignments and/or leading a global team by **March 31**.
- SWE membership is not required.

SELECTION CRITERIA

- **40% Global Engineering and/or Technical Management Achievements:** Discuss the significance of the nominee's global assignments and/or positions of leading a global team. Describe their roles within the organization, what responsibilities they have had in these roles, the scope of these assignments, and their contributions to the technical and/or business outcomes. Include details such as the number of people reporting to the nominee's particular positions (both direct and indirect), annual fiscal responsibilities, etc. where applicable.
- **40% Global Impact on Organization and Employees:** Discuss the organizational impact of the nominee's global engineering and/or technical management achievements within an organization. Describe how the nominee promotes diverse thoughts and creates an inclusive and supportive environment for their global team members and organization.
- **20% Activities/Service/Leadership as a Role Model:** Discuss the nominee's leadership as a role model to inspire others to attain high levels of accomplishment and how they have created a nurturing environment for women in the workplace. Also describe mentoring activities explicitly.

 - Global Impact on Organization and Employees
 - Activities/Services/Leadership as a Role Model
 - Conclusion
 - Clearly specify in the formal statement the number of years that the nominee has spent on working on various global assignments and/or leading a global team
 - Supporting Letters (3 - 4 Letters) Completed by Due Date
 - Resume or Curriculum Vitae

Emerging Leader Award

OBJECTIVE

- This award honors an individual who identifies as a woman, who has been actively engaged in the fields of engineering, engineering technology, or science related to engineering and has demonstrated significant professional leadership accomplishments.
- *A maximum of ten (10) awards will be given annually.*

QUALIFICATIONS

- The nominee must have ten (10) to fifteen (15) years of experience in the fields of engineering, engineering technology, or science related to engineering by **March 31**.
- SWE membership is not required.

SELECTION CRITERIA

- **70% Professional Leadership Achievements:** Discuss the nominee's professional leadership achievements in the fields of engineering, engineering technology, or science related to engineering. Include details clarifying their leadership roles, what responsibilities they had in these roles, and their contributions to the engineering profession and/or technical outcomes. Explain the significance of the nominee's contributions and achievements, which can be in industry, government and/or academia.
- **30% Leadership Activities and Community Involvement:** Discuss the nominee's positions, activities, and outcomes that demonstrate their contributions to professional organizations including but not limited to SWE, SWE's partner organizations (SHPE, NSBE, AISES, SASE, oSTEM, Out to Innovate) or similar, Industry Organizations, Employee Work Groups, and/or the Community.  - **Resume or Curriculum Vitae**

Entrepreneur Award

OBJECTIVE

- This award honors an individual who identifies as a woman, who went out on her own to start and/or maintain her own engineering, engineering technology, or science related to engineering-based business, and in doing so, serves as a role model to all women who have ever risked financial security for the possibility of uncertain rewards. The nominee has demonstrated a conviction to dreams and a willingness to make them happen. The nominee will be an entrepreneur who is skilled in technical, business planning, administrative, and financial techniques, and excels in business leadership. Note: If the nominee has been involved with more than one company in an entrepreneur role, feel free to provide details on all companies.
- *A maximum of one (1) award may be presented annually.*

QUALIFICATIONS

The nominee must:

- Have had their own business(es) for a minimum of five (5) years, or three (3) years if the business was acquired.
- Have equal stake (with other owners) or more equity in their business, unless publicly owned; if publicly owned then they must have been the founder and still involved in the management of the company.

SELECTION CRITERIA

- **20% What's Your Why (Entrepreneurial Spirit):** Discuss what sparked the establishment of or engagement with the company.
- **15% Company Background, Role of the Nominee, and Company Vision:** Provide the year the company was founded, a general description of the company and the engineering work that the company performs, and how that work is directly tied to the products and/or services sold. Also include the nominee's title and job description or role within the company, including the percentage of the company owned by the nominee.
- **25% Management Skills:** Discuss the management of the business and include the Business/Strategic plan, sales and/or marketing, engineering, and success measures of the company.
- **30% Successes and Challenges:** Discuss areas the nominee has been most successful in addressing. Also discuss any personal or professional obstacles the nominee had to overcome in establishing, maintaining, or growing the business. Include how these obstacles were approached and conquered and if new obstacles evolved over time and how were they conquered. Also include the nominee's secrets to success; what makes the company a successful business, what will ensure its future success, and how the nominee contributes to that success.
- **10% Leadership Activities and Community Involvement:** Provide details of the nominee's participation in business, professional, community, and/or civic organizations, including any awards or other recognition the nominee has received. Please detail how the participation in these organizations has strengthened the nominee's professional growth and helped the nominee become a business leader that they are today.

NOMINATION CHECKLIST

[Apply for Entrepreneur Award](#)

- Complete the [Individual Awards Nomination Checklist](#)
 - Biography
 - Professional Headshot Photo
 - Demographic Survey
 - Formal Statement (Maximum 2,500 words)
 - Include the following sections with clearly identifiable section headers:
 - Introduction
 - What's Your Why (Entrepreneurial Spirit)
 - Company Background, Role of the Nominee, Company Vision
 - Management Skills
 - Successes and Challenges
 - Leadership Activities and Community Involvement
 - Conclusion
 - Supporting Letters (3 - 4 Letters) Completed by Due Date
 - At least one letter must be from suppliers or customers to the business.
 - Resume or Curriculum Vitae

OBJECTIVE

- This award honors a SWE member who has achieved professional excellence, while also making significant and long-term contributions towards advancing the [mission, objectives and goals](#) of the Society. The nominee will be a SWE member who has contributed significantly to the public's awareness of engineering as a profession for women, and informing employers, the profession, and the public of women's contributions to the fields of engineering, engineering technology, or science related to engineering.

QUALIFICATIONS

The nominee must:

- Have a minimum of twenty (20) years of cumulative SWE professional membership by **March 31**.
- SWE membership at the collegiate level may be included in the application; however, years of collegiate experience do not count towards the 20 years of professional membership requirement
- If professional membership started as a graduate student, member needs to have been part of a section/MAL at that time and list this in the SWE resume.
- Be a SWE member in good standing by **March 31**.

SELECTION CRITERIA

- **40% Service to SWE:** Discuss the nominee's contributions that have furthered SWE's Mission. Include service to and activities in SWE that have advanced the objectives and goals of the Society. SWE service can include but is not limited to support activities, event participation, and leadership. SWE service at the collegiate level may be included in the application; however, years of collegiate experience do not count towards the 20 years of professional membership requirement listed in the Qualification section.
- **30% Career Accomplishments:** Discuss the nominee's accomplishments in the field of engineering, engineering management, or engineering education including those that have furthered SWE's Mission. Include how the nominee has informed the public, the engineering profession, and their employers of women's contributions to engineering. And finally, include how the nominee has served as a role model for women in engineering.
- **20% Leadership in Technical and Professional Organizations:** Discuss any leadership/service to other technical and/or professional organizations.
- **10% Leadership in the Community:** Discuss any leadership/service to organizations or events/activities in the community.

 - Career Accomplishments
 - Leadership in Technical and Professional Organizations
 - Leadership in the Community
 - Conclusion
 - Supporting Letters (3 - 4 Letters) Completed by Due Date
 - At least one letter must be from someone who holds or has held a SWE leadership role at the section/affiliate/MAL or society level.
 - At least one letter must be from a current or former immediate supervisor or individual higher in the line or from an individual familiar with the nominee's work performance and job-related contributions. If nominee is retired or self-employed, the letters documenting work accomplishments can be provided by someone familiar with the nominee's work history.
 - At least one letter must be from an individual familiar with the nominee's leadership or service in other technical, professional, or community organizations.
 - Resume or Curriculum Vitae
 - SWE Resume

Global Leadership Award

OBJECTIVE

- This award honors an individual who identifies as a woman, who has made an outstanding contribution in their engineering, engineering technology, or science related to engineering organization in a global setting. The nominee can be based anywhere in the world but is expected to have spent at least ten (10) years working various global assignments and/or leading a global team. The nominee should have a minimum of fifteen (15) years of experience, achieved a leadership position within their current organization, and created a nurturing environment for women of different cultures in the workplace.
- *A maximum of three (3) awards will be given annually.*

QUALIFICATIONS

The nominee must:

- Have a minimum of fifteen (15) years of increasingly important engineering and/or technical management experience indicating outstanding competency and achievement in a global setting with at least ten (10) years of experience working on various global assignments and/or leading a global team by **March 31**.
- SWE membership is not required.

SELECTION CRITERIA

- **40% Global Engineering and/or Technical Management Achievements:** Discuss the significance of the nominee's global assignments and/or positions of leading a global team. Describe their roles within the organization, what responsibilities they have had in these roles, the scope of these assignments, and their contributions to the technical and/or business outcomes. Include details such as the number of people reporting to the nominee's particular positions (both direct and indirect), annual fiscal responsibilities, etc. where applicable.
- **40% Global Impact on Organization and Employees:** Discuss the organizational impact of the nominee's global engineering and/or technical management achievements within an organization. Describe how the nominee promotes diverse thoughts and creates an inclusive and supportive environment for their global team members and organization.
- **20% Activities/Service/Leadership as a Role Model:** Discuss the nominee's leadership as a role model to inspire others to attain high levels of accomplishment and how they have created a nurturing environment for women in the workplace. Also describe mentoring activities explicitly.

Global Team Leadership Award

OBJECTIVE

- This award honors a team, with women in technical leadership roles, made up of a diverse group of individuals who have made outstanding technical contributions in the field of engineering, engineering technology, science related to engineering, and/or technical management and demonstrating innovative thinking to overcome global challenges. The team should comprise a geographically diverse set of individuals who have excelled on a single project or group of projects.
- *A maximum of three (3) separate teams will be given Global Team Leadership awards annually.*

QUALIFICATIONS

The team must:

- Have a global presence working on a project or projects, including a geographically diverse makeup of the team (recommended team size is 5 to 15 individuals),
- Have a geographically diverse group (a minimum of two countries) consisting of individuals with different gender, ethnicity, educational background, and/or organizational roles,
- Have individuals who identify as a woman in technical leadership roles.

SELECTION CRITERIA

- **20% Global Engineering and/or Technical Management Achievements:** Discuss the project or projects the team has worked on and the impact on the technical and/or business outcomes.
- **20% Team Dynamics:** Describe the team's roles and responsibilities, how conflict is managed, and how the team moves forward from setbacks.
- **20% Business Impact:** Discuss the business impact due to the success of the project or projects; the project objectives and the team's results demonstrating their ability to meet or exceed the project objectives.
- **40% Ability to Work through Global Team Challenges:** Demonstrate the team's innovative thinking and ability to work through the challenges faced by individuals who are geographically separated.

Patent Recognition Award

Only SWE Members are eligible for this award.

OBJECTIVE

- This award honors SWE members who have been awarded a patent within the previous three years from December 31st of the preceding year of the application. For example: **Packages submitted in March 2023 would accept patents issued from December 31st, 2019, through December 31st, 2022.**

QUALIFICATIONS

The nominee must:

- Be a SWE member in good standing by **March 31**,
- Be listed as an inventor on a granted patent relevant to the fields of engineering, engineering technology, or a science related to engineering

ADDITIONAL INFORMATION

- The candidate may only receive the Patent Recognition Award once per patent.
- The candidate may only receive one Patent Recognition Award per year, which may cover multiple patents.
- Inventors of the same patent can be nominated individually for the Patent Recognition Award.
- The Patent Recognition Award may be received in conjunction with any other SWE awards.
- Patent must be searchable on USPTO Public Patent Application Information Retrieval or Google Patent.
 - See examples in the [Appendix – Patent Search](#)
 - If a patent is not searchable in either database but meets the requirements below, provide in an attachment with supplemental evidence of the required information listed in the nomination checklist.
 - Please contact awards@swe.org for any questions.
- Up to 10 patents can be entered in one application. If more than 10 patents are to be nominated, more than one application must be created.
- All determinations by the Awards and Recognition committee are final.

NONINATION CHECKLIST

[Apply for Patent Recognition Award](#)

- **Required Patent Information:**
 - The Patent Number
 - The Title of the Invention
 - Inventor Name (Only list SWE member applying for the award)
 - Issue Date of Patent within the previous three years
- **Appendix (Optional):**
 - Content: Only required if a patent cannot be found on USPTO Public Patent Application Information Retrieval or Google Patent or additional information is needed (ex. Certificate of Correction issued to add the nominee as an inventor). The appendix must contain evidence of all the required information listed in above.
 - The appendix must be saved as a pdf file and uploaded to the submission form.
 - Recommended File Name: *Patent_FirstName_LastName_Appendix.pdf*

Additional Disqualification Criteria for the Patent Recognition Award:

Application may be disqualified based on (but not limited to) the following:

- A. Incorrect Patent Number supplied (ex. company patent number, application number, etc.)
- B. Patent not yet issued (ex. only the application may be issued, or patent is pending but not yet granted).
- C. Issue Date of Patent is not within acceptable date range.

Prism Award

OBJECTIVE

- This award honors an individual who identifies as a woman, who has charted their own path in engineering, engineering technology, or science related to engineering with a minimum of fifteen (15) years of experience . They have demonstrated a variety of outstanding career leadership activities in a technical field, as well as leadership in professional organizations and the community,. The nominee must also contribute to [SWE's Mission](#).
- *A maximum of five (5) awards will be given annually.*

QUALIFICATIONS

- The nominee must have a minimum of fifteen (15) years of experience in the fields of engineering, engineering technology, or science related to engineering by **March 31**.
- SWE membership is not required.

SELECTION CRITERIA

- **60% Professional Leadership Achievements:** Discuss the nominee's professional leadership achievements in the fields of engineering, engineering technology, or science related to engineering. Include details clarifying how their unique career path was chartered, their leadership roles, what responsibilities they had in these roles, and their contributions to the business and/or technical outcomes. Explain the significance of the nominee's contributions and achievements, which can be in industry, government, or academia.
- **25% External Leadership Activities:** Discuss the nominee's involvement in community or other organizations, positions within organizations, and specific activities that demonstrate the nominee's leadership efforts in the community and for other volunteer organizations. Contributions to SWE's partner organizations (AISES, Out to Innovate, NSBE, oSTEM, SASE, SHPE) or similar can be included in this category.
- **15% Contributions to SWE's Mission:** Discuss the nominee's contributions to SWE's Mission: Empower women to achieve their full potential in careers as engineers and leaders; expand the image of the engineering and technology professions as a positive force in improving the quality of life and demonstrate the value of diversity, equity, and inclusion. Explain how the nominee has enriched the conversation of what it means to be a successful individual in the fields of engineering, engineering technology, or science related to engineering.

 - Contributions to SWE's Mission
 - Conclusion
 - Supporting Letters (3 - 4 Letters) Completed by Due Date
 - Resume or Curriculum Vitae

Resnik Challenger Medal

The Resnik Challenger Medal was established in 1986 to honor SWE's Dr. Judith A. Resnik, NASA Mission Specialist on the ill-fated Challenger space shuttle flight on January 28, 1986.

OBJECTIVE

- This award honors an individual who identifies as a woman, who has changed the space industry and personally contributed innovative technology verified by flight experience. The nominee's contribution(s) will be recognized - even if only by a small sub-discipline of the space industry - through future decades as having created milestones in the development of space as a resource for all humankind.
- *A maximum of one (1) award may be presented annually.*

QUALIFICATIONS

- The nominee must have a minimum of ten (10) years of experience in aeronautics, astronautics, systems, subsystems, electronics, structures, thermal characteristics, space medicine, infrastructure definition and development, or any other applicable space-related field by **March 31**.
- SWE membership is not required.

SELECTION CRITERIA

- **25% Space Industry Breakthrough/Achievement:** Discuss the engineering breakthrough or achievement that was enabled, in full or in part, by the personal technical contribution(s) of the nominee.
 - Describe the unique characteristics and impact of the breakthrough.
 - Include the launch date(s) for operations that demonstrated the breakthrough in space. Detail the outcome of the operations.
- **50% Personal Technical Contribution:** Discuss the nominee's personal technical (not management) contributions to the engineering breakthrough or achievement. Describe how the nominee's contribution(s) impacted the success of the breakthrough.
 - Highlight the innovative aspect(s) of the contribution(s). Identify a specific launch date or dates for a mission that demonstrated the nominee's technical contribution(s) in space.
 - Include evidence, as available, that the nominee made significant personal technical contributions (such a U.S. patent where the nominee is named as an inventor, a corporate trade secret, publication authorship, or peer recognition, etc.) Eligible technical contributions need not be newsworthy or highly visible as long as they enabled improved system performance or capabilities.
- **25% Impact on the Future:** Describe the capabilities and/or improvements available to the space industry in the future because of the nominee's personal technical innovation(s).
 - Discuss any expectations for the nominee's contribution(s) to be incorporated into the future design and/or operations of spacecraft, space systems, and/or commercial development in space.

NOMINATION CHECKLIST

 - Space Industry Breakthrough/Achievement
 - Personal Technical Contribution
 - Impact on the Future
 - Conclusion
 - **Supporting Letters (3 - 4 Letters) Completed by Due Date**
 - **Resume or Curriculum Vitae**

Rising Technical Contributor Award

Only SWE Members are eligible for this award.

OBJECTIVE

- This award honors a SWE member at the professional or graduate student level, who has been actively in the fields of engineering, engineering technology, or science related to engineering and has contributed technical work resulting in significant breakthroughs or results. The nominee must have less than five (5) years of cumulative engineering experience.
- *A maximum of ten (10) awards will be given annually.*

QUALIFICATIONS

The nominee must:

- Be a SWE member in good standing by **March 31**,
- Have up to five (5) years of experience in the fields of engineering, engineering technology, or science related to engineering by **March 31**.

Note: Both graduate students and professionals are eligible for this award.

SELECTION CRITERIA

- **70% Professional Technical Achievements:** Discuss the nominee's professional technical achievements in the fields of engineering, engineering technology, or science related to engineering. Include details clarifying their professional affiliations, their roles, what responsibilities they had in these roles, and their contributions to the technical achievements and outcomes. Explain the significance of the nominee's contributions and achievements, which can be in industry, government and/or academia.
- **15% SWE Service and Leadership:** Discuss the nominee's positions, activities, and outcomes that demonstrate their contributions to SWE. Include instances where the nominee was leading an activity or group.
- **15% Leadership Activities and Community Involvement:** Discuss the nominee's positions, activities, and outcomes that demonstrate their contributions to professional organizations including but not limited to SWE's partner organizations (SHPE, NSBE, AISES, SASE, oSTEM, Out to Innovate) or similar, Industry Organizations, Employee Work Groups, and/or the Community. Include instances where the nominee was leading an activity or group.

Rodney D. Chipp Memorial Award

OBJECTIVE

- This award honors an individual who identifies as a man or a company that has contributed significantly to the acceptance and advancement of women in the fields of engineering, engineering technology, or science related to engineering. The nominee may have increased the hiring or promotion of women engineers or women engineering students. The nominee may also have encouraged, sponsored, developed professional training/development programs, and created a supportive environment for women engineers in the workplace or women engineering students in a college or university.
- *A maximum of three (3) awards will be given annually.*

QUALIFICATIONS

- SWE membership is not required. Years of experience is not required.

SELECTION CRITERIA

Where applicable, provide **metrics** demonstrating how the nominee and/or program(s) have contributed to the advancement of women engineers or women engineering students.

| | Individual | Company |
|-----|--|--|
| 10% | Work Experience: Discuss the nominee's work experience as it relates to the award, highlighting support for acceptance of women. | Organizational Structure: Includes at least three women on its Board of Directors and at least 20% of your organization's executive leaders are women. Describe these details in the formal statement. |
| 45% | Advancement of Women: Discuss the nominee's contribution to advance women in engineering. In particular, the nominee's personal contribution and how it has impacted the acceptance and/or advancement of women in the fields of engineering or engineering technology. | Advancement of Women: Discuss the company's contributions to advance women in engineering. In particular, initiatives or contributions to change the corporate culture and how it has impacted the acceptance and/or advancement of women in the fields of engineering or engineering technology. |
| 45% | Program Development: Discuss the specific program(s) developed including scope of the initiative(s) and target audiences (entry level, mid-level, senior level, all employees). | Program Development: Discuss the specific program(s) developed including scope of the initiative(s) and target audiences (entry level, mid-level, senior level, all employees). |

NOMINATION CHECKLIST

- Complete the [Individual Awards Nomination Checklist](#)
 - Biography
 - Professional Headshot Photo
 - Demographic Survey
 - Formal Statement (Maximum Length: 2,500 words)
 - Include the following sections with clearly identifiable section headers:
 - Individual: Introduction; Work Experience; Advancement of Women; Program Development; Conclusion.
 - Company: Introduction; Organizational Structure; Advancement of Women; Program Development; Conclusion.
 - Supporting Letters (3 - 4 Letters) Completed by Due Date
 - Individual nominees submit a **resume or Curriculum Vitae**.

Spark Award

OBJECTIVE

- This award honors an individual who identifies as a woman, who has contributed to the advancement of women by mentoring those around them. The individual will have made a difference in the lives of many by affecting women at a variety of levels ranging from primary and secondary schools through more senior levels in relation to their position.
- *A maximum of five (5) awards will be given annually.*

QUALIFICATIONS

- The nominee must have experience in engineering, engineering technology, or science related to engineering.
- SWE membership is not required. Years of experience is not required.

SELECTION CRITERIA

- **70% Impact on Women Engineers:** Discuss and provide evidence of the accomplishments and impacts of the nominee's activities and their significance in mentoring. Describe how the nominee serves as a mentor to those around them, including the variety of mentees' experience level and setting and the longevity of the relationships.
- **20% Successes and Challenges:** Discuss success stories and challenges the nominee had to overcome in establishing the mentoring relationships and maintaining them. Provide any personal anecdotes and information pertinent to the establishment of the mentoring relationships.
- **10% Leadership Activities and Community Involvement:** Describe participation in business, professional, community, and/or civic organizations.

Suzanne Jenniches Upward Mobility Award

Endowed by Northrop Grumman Corporation

OBJECTIVE

- This award honors an individual who identifies as a woman, who has made an outstanding contribution in the field of engineering, engineering technology, and/or science related to engineering such that the nominee has, as a minimum, achieved the level of general manager or equivalent upper management position within their current organization and created a nurturing environment for other women in the workplace.
- *A maximum of one (1) award may be presented annually.*

QUALIFICATIONS

- The nominee must have a minimum of twenty (20) years of increasingly important engineering experience indicating outstanding competency and achievement by **March 31**.
- SWE membership is not required.

SELECTION CRITERIA

- **60% Technical Management Responsibilities and Achievements:** Discuss the significance of the current upper management position and the evidence of the candidate's growth within the organization cited on their behalf, including types of responsibility involved in relevant positions, number of people reporting to particular positions (both direct and indirect), annual fiscal responsibility, number of management levels above and below nominee's level, overall size of employer's organization (sales and employees) and number of other people holding a similar level management responsibility.
- **25% Extra-Curricular Leadership Activities as a Role Model:** Discuss the nominee's leadership as a role model to inspire their employees to attain high levels of accomplishment and how they have created a nurturing environment for other women in the workplace
- **15% Education, Publications, and Other Activities:** Discuss the educational background and pertinent experience that helped contribute to the technical achievements of the nominee. Also include any relevant publications and activities that assisted in the successes of the nominee.

 - Conclusion
 - **Supporting Letters (3 - 4 Letters) Completed by Due Date**
 - **Resume or Curriculum Vitae**

Work/Life Integration Award

OBJECTIVE

- This award honors an individual who has been instrumental in establishing landmark program(s) for their organization to improve the ability of women engineers and other employees to integrate or balance work and family responsibilities. In so doing, they have demonstrated recognition of the need for employees to integrate work, family, and personal interests.
- *A maximum of one (1) award may be presented annually.*

QUALIFICATIONS

- The nominee must have experience in engineering, engineering technology, or science related to engineering.
- SWE membership is not required. Years of experience is not required.

SELECTION CRITERIA

- **35% Purpose of the Program:** Discuss the program details, including all considerations for implementation, assessment of management support at all levels, and obstacles to establishment and implementation. Also include the perceived and actual benefits of the program(s). The nominee's leadership and initiative in introducing a new work life balance policy with emphasis on the individual's contributions to implementation and success should also be included in this section.
- **35% Impact of the Program:** Provide the percentage of employees eligible for the specified benefit and include evidence of organizational support of advancing employees who have taken advantage of work-life options. Include an assessment of the impact on women engineers and managers, and all employees in general. Also discuss the programs'/benefits' potential to increase the retention and promotion of women in technical and technical management positions in the organization.
- **20% Successes and Challenges:** Discuss areas that were most successful, and any challenges the nominee had to overcome in establishing, implementing, and maintaining the program(s). Provide any personal anecdotes and information pertinent to the establishment of the program(s).
- **10% Leadership Activities and Community Involvement:** Describe participation in business, professional, community, and/or civic organizations.

 - Leadership Activities and Community Involvement
 - Conclusion
 - Supporting Letters (3 - 4 Letters) Completed by Due Date
 - At least one letter must be from employees who have benefited from the program(s).
 - Resume or Curriculum Vitae

Outstanding Collegiate Member Award

Only SWE Members are eligible for this award.

OBJECTIVE

- This award honors a collegiate SWE member with a minimum of 2 years of SWE collegiate involvement (see the Qualifications section below), who has made an outstanding contribution to SWE, engineering societies including but not limited to SWE's partner organizations, their community and campus.
- *A maximum of ten (10) awards will be given annually.*

QUALIFICATIONS

The nominee must:

- Be a SWE member in good standing by **March 31**,
- Have actively participated in their SWE sections/ affiliates/ MAL for at least 2 years by **March 31**,
- Be a student studying engineering, engineering technology, or a field related to engineering.

Note: Collegiate members who graduate by **December 31** of the preceding year of the application are also eligible for this award.

SELECTION CRITERIA

- **20% Academic and Technical Achievements:** Discuss the nominee's academic and technical achievements in engineering, engineering technology, or a field related to engineering. Include any previous degrees, if applicable (particularly for a graduate student nominee). Include any recognition, honors, and awards that support the nomination.
- **30% SWE Service and Leadership:** Discuss the nominee's positions, activities, and outcomes that demonstrate their contributions to SWE. Indicate instances where the nominee was leading an activity or group. Leadership experience will contribute to 15% of the overall weighting (half of the weighting for this criterion.)
- **30% Engineering Society Service and Leadership:** Include details about the nominee's participation and leadership in engineering societies including but not limited to SWE's partner organizations (AISES, Out to Innovate, NSBE, oSTEM, SASE, SHPE) or similar. Leadership experience will contribute to 15% of the overall weighting (half of the weighting for this criterion).
- **20% Community and Campus Involvement:** Include details about the nominee's participation and leadership in organizations in the community and on campus. Leadership experience will contribute to 10% of the overall weighting (half of the weighting for this criterion).

 - SWE Service and Leadership
 - Engineering Society Service and Leadership
 - Community and Campus Involvement
 - Conclusion
 - Supporting Letters (1 - 2 Letters) Completed by Due Date
 - At least one letter must be from a SWE leader of the nominee's previous or current collegiate section/ affiliate,
- OR
 - At least one letter must be from a professor or an administrator of the nominee's previous or current academic institution.
- Resume or Curriculum Vitae
- SWE Resume

Outstanding Counselor Award

Only SWE Members are eligible for this award.

OBJECTIVE

- This award honors a SWE member who has made an outstanding contribution to a SWE collegiate section/ affiliate as a counselor and served as a link for the SWE collegiate section/ affiliate to other SWE groups such as local professional sections/ affiliates, MAL, affinity groups, or society committees.
- *A maximum of one (1) award may be presented annually.*

QUALIFICATIONS

- SWE membership is required. Years of experience is not required.
- Previous Outstanding SWE Counselor Award recipients can re-apply if they are now serving a different collegiate section/ affiliate.

SELECTION CRITERIA

- **60% Leadership as a Counselor:** Discuss the nominee's outstanding leadership as a SWE Counselor, particularly in creating enthusiasm and professionalism among section members. Include examples of recognition, honors, awards that support the nomination.
- **30% Participation in SWE:** Discuss the nominee's participation in the SWE collegiate section/ affiliate and at any levels of the Society.
- **10% Participation in Other Activities:** Discuss the nominee's participation in other educational activities, technical activities, and professional societies.

 - Resume or Curriculum Vitae

Outstanding Faculty Advisor Award

OBJECTIVE

- This award honors an individual who has made an outstanding contribution to a SWE collegiate section/ affiliate as an advisor and served as a link for the SWE collegiate section/ affiliate to the rest of the educational institution.
- *A maximum of one (1) award may be presented annually.*

QUALIFICATIONS

- SWE membership is not required. Years of experience is not required.
- Previous Outstanding Faculty Advisor Award recipients can re-apply if they are now serving a different collegiate section/ affiliate.

SELECTION CRITERIA

- **60% Leadership as an Advisor:** Discuss the nominee's outstanding leadership as an advisor, particularly in creating enthusiasm and professionalism among section members. Include examples of recognition, honors, and awards that support the nomination.
- **30% Participation in SWE Collegiate Section/ Affiliate and Campus:** Discuss how the nominee is involved in their SWE collegiate section/ affiliate and their participation in campus events and activities.
- **10% Participation in Other Activities:** Discuss the nominee's participation in other educational activities and professional societies, including but not limited to SWE, outside of work with their collegiate section/ affiliate.

 - At least one letter must be from a SWE leader of the nominee's current collegiate section/ affiliate.
 - Resume or Curriculum Vitae

Appendix – Years of Experience Calculation

1) Template for Years of Experience Calculation

- This template is provided to help with the years of experience calculation and not required to be submitted with the nomination packet.
- **Years of experience for FY23 Individual Award submission are counted as of March 31st, 2023.**

| Experience Type | Guideline | Start Date | End Date | Years of Experience |
|--|--|------------|----------|---------------------|
| Full Time Experience | Each year of full-time work will count as one year of experience. | | | |
| Part Time Experience | Each year of part time work will count as one year of experience. | | | |
| Advanced Technical degree (obtained while <u>not</u> working full or part time) | Master: one year of experience Doctorate: two years of experience | | | |
| Internship or Co-Op or Graduate Assistantship | Internship or Co-Op or Graduate Assistantship do <u>not</u> count. | | | 0 |
| Unemployment Period | Periods of unemployment do <u>not</u> count. | | | 0 |
| Total | | | | |

Appendix – Years of Experience Calculation

2) Example of Years of Experience Calculation

This is an example of the years of experience calculation for an award nomination submitted for 2022 Individual Awards.

- In May 2006, the nominee received their bachelor's degree in Chemical Engineering. While going to school, they completed an internship from May 2005 to August 2005.
- After graduation, from June 2006 to December 2009, they worked full time.
- From January 2010 to December 2011, they worked part time while working on their master's degree in engineering. They received their master's degree in December 2011. They started a new full-time position in January 2012.
- Starting in June 2012 they were unemployed until January 2013 when they started a new job.
- They have been working for this same company ever since in various roles up until March 31st, 2022.

The total number would be 15 years 1 month. According to the rounding rule in the Years of Experience section (page 3 – 4), the total Years of Experience would be 15 years.

| Experience Type | Guideline | Start Date | End Date | Years of Experience |
|--|---|--------------|----------------|-------------------------|
| Internship or Co-Op or Graduate Assistantship | Internship does <u>not</u> count as part time experience. | May 2005 | August 2005 | 0 |
| Full Time Experience | Each year of full-time work will count as one year of experience. | June 2006 | December 2009 | 3 years 6 months |
| Part Time Experience | Candidate obtained the master's degree while going to work part-time. Count the part-time years of working. | January 2010 | December 2011 | 2 years |
| Advanced Technical Degree obtained while working part time | Candidate obtained the master's degree while going to work part-time. Do not count the master's degree. | January 2010 | December 2011 | 0 |
| Full Time Experience | Each year of full-time work will count as one year of experience. | January 2012 | June 2012 | 5 months |
| Unemployment Period | Periods of unemployment are <u>not</u> counted toward years of experience. | June 2012 | January 2013 | 0 |
| Full Time Experience | Each year of full-time work will count as one year of experience. | January 2013 | March 31, 2022 | 9 years 2 months |
| Total | | | | 15 years 1 month |

Appendix – WE Local – Individual Corresponding Awards

Recipients of Individual awards are not eligible to receive their equivalent WE Local awards. However, recipients of WE Local awards are eligible to receive their equivalent Individual awards.

| WE Local Award | Individual Corresponding Award |
|-----------------------|---|
| WE Local Legacy | Distinguished Service, Upward Mobility, Achievement, Fellow Grade |
| WE Local ELiTE | Emerging Leader |
| WE Local New ELiTE | Distinguished New Engineer |
| WE Local Integrator | Work/Life Integration Award |
| Engaged Advocate | Advocating Women in Engineering |
| WE Local Guiding Star | Outstanding Collegiate Member |
| WE Local Rising Star | Outstanding Collegiate Member |

Table 2: WE Local – Individual Corresponding Awards
