

1NESWE

Why join **SWE** as a global member?

YOUR COMMUNITY

Your community is critical to your engineering education and career. Being one of SWE's over 43,000+ members reminds you that you're not alone. There are other amazing engineers out there who have been in your shoes—people you can turn to for motivation and support. As a member, this community is here to help you along your engineering journey, no matter where in the world that may be!

GROWTH

SWE has many opportunities to help you grow as a professional and become a better leader. Access 100+ Live Web Events, On-Demand Presentations, and e-Learning courses on a variety of topics for personal and professional growth through **SWE's Advance Learning Center**. The most popular courses include closed captioning to easily follow along.

CONNECTION

WE Local conferences offer dozens of educational sessions, networking opportunities, and opportunities to connect with recruiters. Additionally, SWE hosts several smaller, networking and learning events, in person and virtually, in which subject matter experts share fresh ideas and solutions to the challenges that women in engineering commonly experience. Members also connect through the **SWE Mentor Network**, which offers short mentoring cohorts throughout the year.

KNOWLEDGE

Keep up on issues of interest to women engineers everywhere with our daily digital blog, All Together—which includes articles from our award-winning magazine, **SWE Magazine**—and our **podcast series, Diverse**. **SWE's research site** provides current trends and stats on the state of women engineers in the workplace, education and academia across the globe.

GET INVOLVED

Get involved, no matter where you're located. Learn about SWE programs and benefits that are unique to global members.

GLOBAL AFFILIATES

A Global Affiliate is a community of engineers outside of the United States who wish to expand SWE's mission. Global Affiliates help advance our community of engineers – whether through organizing professional development events, hosting outreach activities, connecting members with career opportunities, or other unique activities.

There are more than **100 Global Affiliates**, for professionals and students, in over **25 countries worldwide**.

"We seek to build an environment where women can develop soft skills, such as leadership, proactivity, communication, and teamwork."

SWE Universidade Federal de Uberlandia Affiliate, Brazil

"As graduate studies can be a lonely time, we have focused on building as many connections between our members as possible."

SWE University of Toronto Affiliate, Canada

"We have worked with high school students through engineering camps, career awareness programs, and radio talk shows. This has increased the number of engineering students at various universities around the country."

SWE Global Affiliates in Liberia

GLOBAL AMBASSADORS

Each year, SWE members from around the world apply to serve as Global Ambassadors. These leaders help raise awareness about SWE in their communities, regions, and countries, while also contributing their diverse perspectives and experiences to SWE's global strategy. Ambassadors benefit from access to SWE's leadership competency model and develop their own leadership skills throughout the year.

RESPONSIBILITIES OF GLOBAL AMBASSADORS

Promote the SWE brand

Support existing members/affiliates and recruit new members

Serve as experts on SWE programs and services

Contribute their diverse global perspectives to SWE's strategic program development

For more information about becoming a global member, visit swe.org/membership/global-programs.

DISCOUNTS

SWE is proud to be a diverse, global community. Recognizing the economic variances throughout the world, SWE offers discounts to members in certain countries. Discounts range from **50-67%** off of membership fees and more information can be found at swe.org/membership/global-programs.
