CCASE Program Checklist

If you're interested in the CCASE program, let's walk through what you need to get started.

Starting up a new Community College Affiliate

- Visit SWE's Section & Affiliate Start-Up page to learn how to start a new Collegiate Affiliate.
  - https://swe.org/membership/sections/section-start-up/
- **General Affiliate Requirements:**
  - At least 1 collegiate member (see below on how to request a promo code)
  - Letter of support from Faculty Advisor
  - Letter of support from SWE Sponsor (e.g. school administrator or dean)

Apply for a Collegiate-to-Career (C2C) Membership

- Once you've established an affiliate, you can request a code to comp C2C memberships. The amount of C2C memberships provided is subject to availability.
- Use this form to request a code: https://forms.gle/1JC6UC4xBBuksWmVA
- Current affiliates can also apply for C2C memberships using this form.

Apply for a Project Stipend Grant

- Current and new affiliates can apply for a stipend to support professional development and outreach activities. Funds must be used within one year of the request.
- Use this form to request a stipend: https://forms.gle/dExNb9TDbS6Jyd698
- After completing your project or event, you have 30 days to complete a post-project report. We will email you the Google Form when we award your stipend.
Ideas for Professional Development or Outreach

- Workshop on career development or reviewing resumes
- Speaker series on DEI&B best practices
- Member recruitment events on campus
- Introduce a Girl to Engineering outreach event
